

## EVO Mission Statement and Goals of Our Organization

- Mission Statement

The Edgewood Volunteer Organization (EVO) is made up of parent, family, friends and teachers who donate their time and talents to making this school the best it can be for our students.

The EVO host a variety of school events, some of which are fundraising opportunities as well as enrichment programs for our students and Edgewood families.

All profits made during an EVO event are returned into the EVO budget to be used for future programming and events.

We are very fortunate to have many wonderful EVO volunteers who generously give of their time, energy and ideas. Their involvement allows the EVO to enhance each and every student's experience at the Edgewood Elementary School. Remember the rewards in helping your child succeed and have fun are twofold, we make new friends and you gain memories that will last a lifetime.
