

## Fundraising

Throughout the year, the EVO encourages all parents to participate in the fundraising events to provide our students with opportunities not funded for by the school budget.

We run several fundraisers throughout the year including, but not limited to the events listed below. If any parent is interested in helping out with any events, please print out, complete and turn in the volunteer page.

### *Cherrydale*

Cherrydale is our first fundraiser of the year. It is run for two weeks in September. Each student participating in the fundraiser by selling 5 or more items is rewarded with small prizes and a DJ dance party during school hours. The students love this event and enjoy winning prizes! This event, if successful, pays for the field day T-shirts in full.

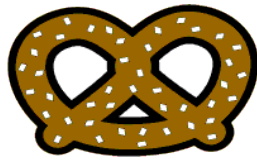

Scarecrow making contest- During the fall fest, each classroom participates in the scarecrow making contest. The scarecrows are put on display at the front entrance of the school. As parents come in, they have the chance to vote on their favorite scarecrow. This event is held during parent/teacher conferences to allow all parents to see the scarecrow their child's classroom made.

EVO volunteers seek donations for basket raffles throughout the year and they are on display at the school. Raffle tickets are sold and the drawing is held at one of the sponsored events. (movie night, holiday night, etc)

We participate in a number of collection programs to assist with raising funds for our events. (More detailed information is provided on the collections page) This is a way for parents to support our school and students at no cost to the family. A simple clipping of labels, saving tapes or containers helps in numerous ways. Examples are: Box tops for Education, Campbell's Labels for Education, Redner's save a tape program, paper recycling program, coke caps, Capri sun recycling, etc.

Pretzel sales- Every Friday at lunch, students have the opportunity to purchase pretzels as a snack. Funds are used to assist with paying for field trips or hosted events for the students at Edgewood.

Rita's Water Ice fundraiser- Students are asked to help sell quarts of Rita's water ice. Sell the product and then hand out coupons for the water ice. A big money maker!
